

Michael Dries

Founder, Mirk

Michael has over 15 years' experience establishing and operating enterprises in the technology sector across the APAC region. His passion and focus is on working with companies to tap into the ever increasing opportunities of AI. He is an optimistic futurist grounded in a commitment to deliver positive outcomes through AI.

Michael is motivated by the power of AI to radically transform business. In addition to general AI consulting, Michael's experience in the technology sector and prior experience in the Legal Industry gives him a particularly helpful perspective when assisting Lawyers in understanding and implementing AI into their Practices.
